LAPTOP LAUNCH

HP ZBook Ultra G3a launched in India

HP has launched the ZBook Ultra G3a, a mobile workstation designed to handle demanding AI workloads locally. It features an AMD Ryzen AI Max+ PRO 495 processor, up to 192GB of unified memory, including up to 160GB dedicated VRAM, and a 55 TOPS NPU. HP claims the laptop can run language models with up to 300 billion parameters. It features a 16-inch 2.8K OLED display with a 96Wh battery and a redesigned thermal system supporting up to 100W power. Measuring 17.9mm thick and weighing approximately 1.9kg, the workstation combines powerful computing capabilities with portability. However, the maximum specifications apply only to higher-end configurations, while features such as 5G connectivity and the 120Hz display are optional. HP also includes Wolf Security for business-focused protection. The ZBook Ultra G3a starts at Rs 2,89,990, and is available through HP's commercial channel partners in India. **tinyurl.com/egrt322**

Samsung's first AI glasses launching with Gemini

Samsung is preparing to launch its first AI glasses in November, developed with Google and eyewear brands Gentle Monster and Warby Parker. The glasses will use cameras and microphones to capture the user's surroundings, with Google Gemini processing information through a connected Galaxy phone and delivering responses through built-in speakers. Samsung is targeting a lightweight design, potentially weighing up to five grams less than Meta's 51-gram Ray-Ban Meta glasses. The launch comes as AI glasses shipments surge, with Meta dominating the display-less segment. **tinyurl.com/sdy56ht**

JBL PartyBox range brings new 800W PartyBox 720

JBL has launched six new PartyBox speakers, priced from Rs 39,999 to Rs 99,999. The lineup includes the flagship PartyBox 720 with 800W RMS output, alongside portable models offering up to 18 hours of battery life. Select speakers feature optical TV input, Auracast pairing and AI Sound Boost. JBL has also introduced AI-powered karaoke microphones with vocal removal, noise suppression and voice enhancement. The speakers are available through JBL's India website and leading retail and e-commerce platforms, expanding their use beyond parties to TV audio, music and karaoke. **tinyurl.com/mif94pf**

INDIAN MOBIC CONGRESS

IMC 2026: iQOO 16, Xiaomi 18 Pro and more

iQOO CEO Nipun Marya has confirmed that the iQOO 16 will launch in India soon. Xiaomi and Motorola have also confirmed that the Xiaomi 18 Pro and Motorola Signature 27 will debut with Snapdragon 8 Elite Gen 6 series chipsets. The iQOO 16 could feature a 6.85-inch 2K 165Hz display, an 8,400mAh battery and triple 50MP rear cameras. Meanwhile, the Xiaomi 18 Pro may offer dual displays, 200MP cameras and a 7,000mAh battery. The Motorola Signature 27 is expected to feature a 200MP telephoto camera, seven years of OS updates and Bang & Olufsen speakers. All three smartphones are expected to cost under Rs 1 lakh in India. **tinyurl.com/sd2rfrer5**
