9 THE MULTI-HYPHENATE

DUCATI MULTISTRADA PIKES PEAK

The Multistrada has been the Ducati workhorse for many years, often overshadowed by the likes of the Panigale. But with the Pikes Peak edition, the Multistrada is basking in its cutting-edge performance. While this version is no doubt in keeping with the Multistrada ethos—made for the tarmac and cement—it is a true crossover that can also deliver on the track.

AUDI Q3

10 BACK WITH A BANG

Audi may have been off the radar for many with a prolonged period of very few launches, but the product pipeline is up and running once again with the first launch of the year in the Q3 – the car that was India's favourite premium SUV over a decade ago. This time, its claim to fame is its light signature with the split Micro-LED Matrix headlights and customisable signature, in addition to the panoramic digital cockpit and the Quattro AWD driving experience. ■
