

Greenwald, *left*, and Poitras, *right*, left Hong Kong unsure of exactly what would happen next with the information they had released.

documents showed the NSA had wiretapped world leaders, conducted cyberwarfare, and even infiltrated online video games.

Debate about the leaked documents swirled. Supporters of Intelligence Community programs believed NSA surveillance was necessary in a post-9/11 world in which terrorists threaten national security. Privacy advocates believed surveillance without a warrant and without reasonable grounds was an attack on privacy and the US Constitution.

Debate also raged about the leaker himself. Snowden's detractors claimed he was a revolutionary who wanted to overthrow the US government. James Woolsey, former director of the CIA, said Snowden
