[32] Keir Giles, 'Cyber Attack on Finland is a Warning for the EU', Chatham House, November 8, 2013, **http://www.chathamhouse.org/media/comment/view/195392**. The National Police Commissioner Mikko Paatero noted that 'we cannot follow signals in Finland or travelling through Finnish cables … but others can do it for Finland. In my opinion it's a little bit embarrassing that we can hear from somewhere else about what is happening here.' Finland now wants stronger powers to protect itself. See **http://yle.fi/uutiset/finnish_police_want_web_snooping_powers/6923309** and **http://yle.fi/uutiset/defence_minister_police_and_defence_forces_to_get_wider_web_powers/6914546?origin=rss**

[37] This judgment by an American district court judge, Richard Leon, outlines the legal controversies around the Fourth Amendment and previous Supreme Court decisions on expectations of privacy, etc: **https://ecf.dcd.uscourts.gov/cgi-bin/show_public_doc?2013cv0851-48**

[38] 'NSA slides explain the PRISM data-collection program', *Washington Post*, June 6, 2013, **http://www.washingtonpost.com/wp-srv/special/politics/prism-collection-documents**. Already in 2005 the *New York Times* revealed how the Bush administration had secretly authorised the NSA to eavesdrop on communications within the country (of Americans and others), without specific court authorisation. This sparked a big discussion inside America, but little controversy abroad. See 'Bush lets U.S. spy on callers without court', **http://www.nytimes.com/2005/12/16/politics/16program.html?pagewanted=print&_r=0**
