9 - Vaporizing the Vacuum

- Heat and Symmetry
- Force, Matter, and Higgs Fields
- Fields in a Cooling Universe
- The Higgs Ocean and the Origin of Mass
- Unification in a Cooling Universe
- Grand Unification
- The Return of the Aether
- Entropy and Time

10 - Deconstructing the Bang

- Einstein and Repulsive Gravity
- Of Jumping Frogs and Supercooling
- Inflation
- The Inflationary Framework
- Inflation and the Horizon Problem
- Inflation and the Flatness Problem
- Progress and Prediction
- A Prediction of Darkness
- The Runaway Universe
- The Missing 70 Percent
- Puzzles and Progress

11 - Quanta in the Sky with Diamonds

- Quantum Skywriting
- The Golden Age of Cosmology
- Creating a Universe
