Electronics & Tech Events

Event, Date and Venue	Topics	Website
IntegrateX Summit 2026 Dec 2-3, 2026 Bengaluru	It is a premier B2B conference and exhibition dedicated to moving AI from ambition to execution. Anchored by five core pillars—Compute, Infrastructure, Energy, Connectivity, and Integration—the event unites industry leaders, policymakers, and innovators to explore emerging trends and strategic investment opportunities.	https://theintegratex.com/in
EFY Expo Gujarat Dec 3-5, 2026 Helipad Exhibition Centre, Gandhinagar, Gujarat	A fast-growing regional expo focused on electronics manufacturing and innovation in Western India. It's a great platform for discovering new suppliers, partners, and emerging technologies.	https://gujarat.efyexpo.com
IMexI 2026 Felicitation Ceremony Dec 12, 2026 Mumbai	IMexI (Integrated Manufacturing excellence Initiative), run by Kaizen Hansei with Kaizen Institute, is a merit-based assessment programme that benchmarks Indian manufacturers' operational and supply-chain excellence against global best practices. It evaluates factors like process leanness, technology adoption, and innovation, awarding recognition to companies that demonstrate sustained excellence.	https://imexi.org/about-imexi/#partners
EFY Expo Pune Jan 21-23, 2027 Auto Cluster Exhibition Center, Pimpri, Pune, India	Electronics expo with conferences on automotive electronics, EVs, and Industry 4.0 (IIoT). It covers a wide range of electronics-related technologies, products, and topics, including electric drives, battery management systems, and IIoT solutions.	https://pune.efyexpo.com
Everything About Water Expo 2027 Jan 29-31, 2027 Hitex Exhibition Center, Hyderabad	It is South Asia's largest annual water and wastewater industry event, endorsed by India's Ministry of Jal Shakti, featuring 200+ exhibitors and international pavilions. It combines exhibitions with a two-day conference showcasing the latest technologies in water and wastewater management for industry leaders, government bodies, and consultants.	https://eawaterexpo.com
AI DevCon 2027 March 4-5, 2027 NIMHANS Convention Center, Bengaluru	A two-day conference for developers, IT leaders, researchers, and enthusiasts to explore and work with AI, covering tools, frameworks, GenAI, edge and cloud AI, open source innovations, and industry case studies.	https://www.aidevcon.in

Since this information is subject to change, all those interested are advised to ascertain the details from the organisers before making any commitment.

copper prices reached a record $14,779 per tonne on September 8 and remained elevated at around $14,167.67 per tonne. Rising copper costs are putting pressure on manufacturers of EVs, consumer electronics, electrical wires and engineering products. At the conference, industry discussions also highlighted the need to localise copper-clad laminates, copper foil and specialty chemicals to strengthen domestic PCB supply chains.

C-DoT opens 6G lab; DoT urges global expansion

Centre for Development of Telematics (C-DoT) has inaugurated a 6G Innovation Lab in Bengaluru to advance indigenous wireless technologies and develop proof-of-concept solutions. Demonstrations included AI-enabled communications, railway hazard monitoring, and resilient satellite connectivity. DoT Secretary Amit Agrawal urged greater international commercialisation, with C-DoT pursuing country-specific market strategies and partnerships to expand Indian telecom technology adoption globally.

India orders ₹6.61 billion BrahMos naval fire-control systems

India has signed a ₹6.61 billion contract with BrahMos Aerospace for naval fire control systems and launchers under the Buy (Indian-IDDM) category, requiring at least 68% indigenous content. The procurement supports domestic defence-electronics suppliers, including MSMEs, while strengthening indigenous capabilities in critical naval weapon systems and creating employment opportunities.

DRDO, Zero mK India partner on quantum hardware

DRDO has partnered with Rajasthan-based Zero mK India to develop an indigenous 20 mK-class dilution refrigerator for quantum computing and other quantum technologies. The agreement is the first high-value Technology Development Fund contract under its ₹5 billion corpus, supporting domestic advanced-cryogenic hardware capabilities and reducing dependence on imported quantum infrastructure.

MeitY proposes 'mutually assured disruption' strategy

MeitY Secretary S. Krishnan has proposed a 'Mutually Assured Disruption' strategy to reduce India's vulnerability to technology denial and electronics supply-chain disruptions. He stressed building domestic semiconductor capabilities and securing critical inputs while remaining integrated with global technology ecosystems. Supply-chain diversification has gained importance since the Covid-19 pandemic.
