MASTERs 26

EMPOWERING INNOVATION

India MASTERs 2026

December 15–18, 2026

The Leela Palace, Bengaluru

Now entering its 19th year, India MASTERs 2026 is Microchip's premier annual in-person learning conference on embedded control, crafted to equip engineers with latest technical training and industry insights.

Featuring 63 classes including 22 hands-on sessions and 41 lecture/demo sessions, the Conference empowers innovation, streamlines learning curves and speeds up product development. Beyond structured sessions, you can explore over 50 live demos and reference designs at our tailored "Ask the Experts" zone and connect with our technical experts for in-depth discussions.

Secure your spot today and lock in your exclusive early bird discount, valid through November 15, 2026.
