Machines, weight-lifting
Magnetism
  charges in relative motion
  as natural phenomenon
Mass
  earth
  electrons
  proportional force of gravitation
Mass energy
Mathematics, physics and
Matter. See also Quantum behavior atomic hypothesis
  particles in
  quantum electrodynamics
Mechanics, as natural phenomenon
Melting, defined
Membrane, cell
Memory
Mendeléev periodic table
Meson, natural phenomena of
Mesons
Meteorology
Mev unit
Microscopes
Molecules
  chemical reactions
  concept of
  oxygen/nitrogen
Momentum
  conservation of
  uncertainty of
Moon, law of gravitation and
Motion
  energy of
  laws of
Mountains
μ-meson
Muons
Myosin
